4. Products covered (HS or CCCN where applicable, otherwise national tariff heading. ICS numbers may be provided in addition, where applicable): Restricted Radiation Radiocommunication Equipment, ICS: 33.060
5. Title, number of pages and language(s) of the notified document: Public Consultation Nº 82, 10 December 2020, New technical requirements for conformity assessment of Restricted Radiation Radiocommunication Equipment Language(s): Portuguese. Number of pages: 6
6. Description of content: Public Consultation proposal for including technical requirements for conformity assessment of Restricted Radiation Radiocommunication Equipment to Broadband Wireless Access System for Local Area Networks applications operating in the 5.925-7.125 MHz band.
7. Objective and rationale, including the nature of urgent problems where applicable: Quality requirements The need to review the tracks set out in the Regulation on Restricted Radiation Radio Communication Equipment. The review will allow spectrum availability for broadband wireless access applications by restricted radiation equipment. The licensing of stations in the 6 GHz band in Brazil also allows the cheapening of Internet connections from mobile or fixed networks, enabling the flow of traffic generated by these connections, contributing to the cost reduction for end consumers.
