

NOTIFICATION

Addendum

The following communication, dated xx May 2015, is being circulated at the request of the delegation of the Brazil.

This addendum aims to informing that the National Institute of Metrology, Quality and Technology – INMETRO, issued Ordinance N° 243, May 21th 2015, which states that all manufactured baby cribs, imported and/or marketed in the country should be designed so that it is not possible to form larger space than 30 mm between the sides or ends and the mattress, preventing babies suffocation by falling into gaps.

This Ordinance N° 243, May 21th 2015, begins to count from the date of publication in the Brazilian Official Journal, May 22th 2015, amended the Ordinance N° 269, June 21th 2011 (HS 9403), notified under the document G/TBT/N/BRA/401/Add.1.
