NOTIFICATION

Addendum

The following communication, dated xx December 2014, is being circulated at the request of the delegation of the Brazil.

This addendum aims at informing the approval of the improvement of Assessment Requirements Conformity to Televisions (with tubes cathode ray (kinescopes), plasma screen, LCD panels and LED. Monitors, etc.), issued by the National Institute of Metrology, Quality and Technology - Inmetro, as Ordinance n° 563, 23 December 2014, and previously notified as a draft under the document G/TBT/N/BRA/560 (Ordinance n° 470, 23 September 2013, published in the Official Gazette 24 September 2013, section 01, page 58) establishing the National Energy Conservation Label – ENCE to give evidence on the Compulsory supplier Declaration for Televisions.

It revokes Ordinance n° 85/2009 and Ordinance n° 267/2008, within twenty four (24) months after the publication of this legal instrument, in 24 December 2014.
