

NOTIFICATION

Addendum

The following communication, dated xx December 2014, is being circulated at the request of the delegation of the Brazil.

This addendum aims at informing that the National Institute of Metrology, Quality and Technology – INMETRO, issued by the Ordinance nº 566, 23 December 2014, amending the Technical Regulation which lays down requirements that must be met by Commercial Electric Ovens, focusing on safety and energy consumption, in order to exclude items 3.7, 3.15, and 3.16; to include items 3.26, 3.27 and 3.28; to rephrase item 5.2.1.1; to replace and renew item 5.1.2; and replace the information about requirements for Ovens loading, on the Ordinance nº 371/2012, previously notified under the document G/TBT/N/460/Add.1, amended to improve consumers security by the Ordinance nº 127, 19 March 2014, that led to the now approved changes, notified under the document G/TBT/N/460/Add.2.

Other provisions on Inmetro's Ordinance nº 371/2012 remain the same.
