

NOTIFICATION

Addendum

The following communication, dated xx August 2019, is being circulated at the request of the delegation of Brazil.

This document aims to inform that the National Institute of Metrology, Quality and Technology / Inmetro issued, on August 15th 2019, Ordinance 389, published, on August 26th 2019, in the Official Journal of Brazil, part I, 164, page 45/46. The Ordinance lays down safety technical requirements to prevent accidents for transfer devices: Vehicle Transfer Seat - VTS and Vehicle Transfer Device - VTD, establishing criteria and procedures to assess the conformity of accessibility parameters in M3 category of vehicles with road characteristics for the transport of passengers. The conformity assessment mechanism is third-party certification.

It revokes art. 5º of Ordinance 269/2015; art. 10, of Ordinance 151/2016 and art. 4º of Ordinance 205/2017, within 12 months from the date of publication.
