Dear Sirs,

Please find attached a notification from Brazil issued by National Institute of Metrology, Quality and Technology - INMETRO. The Mercosur Technical Regulation 485, of 25 November 2019, establishing metrological control for the determination of the net content of pre-measured glaciated fish, molluscs and crustaceans packaged, previously notified through G/TBT/N/BRA/829, was approved.

Kind Regards,

Brazilian WTO/TBT Enquiry Point

National Institute of Metrology, Quality and Technology - Inmetro

E-mail: barreirastecnicas@inmetro.gov.br

NOTIFICATION

Addendum

The following communication, dated November 6th, 2019, is being circulated at the request of the delegation of Brazil.

The Draft Mercosur Technical Regulation notified through G/TBT/N/BRA/829, establishing metrological control for the determination of the net content of pre-measured glaciated fish, molluscs and crustaceans packaged (quantity of the consumable item contained in a package, as stated on the label), was approved as the Mercosur Technical Regulation 485 on 25 November 2019 and entered in force on the publication on Brazilian Official Gazette No. 237, on 9 December 2019.
