

NOTIFICATION

Addendum

The following communication, dated xx January 2013, is being circulated at the request of the delegation of the Brazil.

This addendum aims at informing that the Conformity Assessment Procedures, issued by the National Institute of Metrology, Quality and Technology/INMETRO, as Ministerial Act number 301, from 21 July 2011 and rectified by the Ministerial Act number 275, from 31 May 2012, was amended by the Ministerial Act number 16, from 11 January 2013, in order to incorporate by reference the latest edition of international standards for automotive lamps (IEC 60809; 60810; 60983; 60061-1, etc.).

The new version of the ordinance includes a number of methodological changes: it revokes item 10.1 and the subsection A-3 (Product Data) from the item 5 of the Annex I - Ministerial Act N°. 301/2011-, and take changes designed to increase accuracy into the marking required for the product registration.

The compliance date for the electric fuel pumps for *Otto cycle engines*, was extended 180 (one hundred eighty) days beyond the deadlines set out in Articles 4 and 5 of the Ministerial Act number 301/2011.

The full text of this measure is available in Portuguese and can be downloaded at:
