Committee on Technical Barriers to Trade

Original: English

NOTIFICATION

Addendum

The following communication, dated xx August 2018, is being circulated at the request of the delegation of the Brazil.

This addendum aims at informing that the Ministry of Mines and Energy – MME; Ministry of Science, Technology, Innovation and Communications – MCT and Ministry of Development, Industry and Foreign Trade - MDIC issued the Interministerial ordinance number 2, 31 July 2018 approving the Targets that addresses the Energy Efficiency Index for air conditioners complementing the Specific Regulations of air conditioners, previously notified under the document G/TBT/N/BRA/762 contemplated in the Interministerial Ordinance MME/MCTIC/MDIC 323, 26 May 2011, in compliance with the provisions of art. 2, of Law 10.295, 17 October 2001, that the maximum levels of specific energy consumption to machines and appliances manufactured or marketed in the country are based on the relevant technical indicators.

The mechanism for assessing conformity of the minimum levels of energy for Air Conditioners covered by this Program of Targets is that used for the labeling performed by the National Institute of Metrology, Quality and Technology - Inmetro, through the Brazilian Program of Labeling - PBE.
