NOTIFICATION

Addendum

The following communication, dated xx January 2017, is being circulated at the request of the delegation of the Brazil.

This addendum aims at approving the Technical Regulation for cigarette Gas Lighters, issued by the National Institute of Metrology, Quality and Technology - Inmetro, through the Ordinance No. 562, 29 December 2016, published in the Official gazette No. 251, 30 December 2016, page 343, previously notified under the document G/TBT/N/BRA/652, to improve the mandatory compliance requirements for cigarettes lighters rechargeable or disposable, with reservoirs and/or Bodies Manufactured in Plastic Resins in order to maintain the Product safety.

These requirements should be attended by all supply chain of the product in the national market manufactured and imported only in accordance with the requirements through the mechanism of the supplier's declaration of conformity and duly registered by Inmetro based on the current edition of ISO 9001 or Standard ABNT NBR ISO 9001.

It revokes Inmetro Ordinance Nº 191, 8 June 2007, within 48 months of the publication of this document.

The full text of this measure is available in Portuguese and can be downloaded at:
