

On the cover

America is aggressively deploying a new economic arsenal to assert its power. That is counterproductive—and dangerous: leader, *page 13*. Donald Trump finds a new way to weaponise tariffs, *page 65*. The Mexican government scrambles to placate him, *page 32*. Pinch points in tech supply chains, *page 58*

• **The second half of the internet** The poorer half of humanity is joining the world wide web. They will change it, and it will change them: leader, *page 14*. How the pursuit of leisure drives internet use in the poor world: briefing, *page 23*

• **Sudan: people power meets bullets** Pro-democracy protesters are being slaughtered in Khartoum, *page 43*

• **Baseball and American exceptionalism** The national pastime reflects America's easily mocked—but often successful—desire to be different: Lexington, *page 31*

• **Why magic mushrooms should be legal** Moves to decriminalise and license them for medical use are welcome, *page 18*. Research into the therapeutic potential of psilocybin is back in vogue, *page 55*

The world this week

- 8 A round-up of political and business news

Leaders

- 13 **American power**
Weapons of mass disruption
