

On the cover

Negotiation, not confrontation, is the way to stop Iran from getting the Bomb: leader, page 11. An unwanted war is not necessarily an unlikely one: briefing, page 18

• **China's world-class army** President Xi Jinping wants China's armed forces to be ready to take on all-comers by 2050. He has done more to achieve this than any of his predecessors, page 36

• **Will a robot really take your job?** A notorious forecast about the automation of jobs has been misunderstood, says one of its authors: Schumpeter, page 64

• **Brexit, Corbyn and the City of London** The world's biggest international financial centre faces its toughest test: leader, page 12. Brexit and political turmoil have broken the spell of London as the world's capital of capital, page 67

• **How elephants can help cure cancers** In oncology, the proper study of mankind may not be man, but other animals—especially big ones, page 75
