

On the cover

Competition, not corporatism, is the answer to capitalism's problems: leader, page 7. The idea that companies with a sense of purpose could help deal with social injustice, climate change and inequality is sweeping through parts of the business world: briefing, page 14

• **How recessions begin** The onset of a downturn is as much a matter of mood as of money: Free exchange, page 62. Is the Japanification of bond markets a passing phase or permanent state? Buttonwood, page 60. The case for more fiscal stimulus in Germany: leader, page 10

• **China bullies Cathay Pacific** The Communist Party shows its disregard for rules and markets: leader, page 9. The link between the Hong Kong protests and the most expensive property market in the world, page 31. Multinationals in Hong Kong are rattled, page 51. China's thin-skinned online nationalists want to be both loved and feared by the West: Chaguan, page 34

• **Who should run Italy now?** A snap election could worsen the country's budget woes: leader, page 9. Matteo Salvini hopes for elections. His opponents hope to avoid them, page 39

• **Gravity waves and nuclear pasta** The observation of a merger between a black hole and a neutron star marks the maturity of gravitational astronomy, page 64
