Description: The Draft resolution number 730, 14 October 2019 (previously notified through [G/TBT/N/BRA/928](#)), which proposes the updating of the Resolution – RDC number 185, 22 October 2001, which establishes the risk classification, market authorization and technical requirements for labelling and usage instructions of medical devices, was adopted as Resolution - RDC number 751, 15 September 2022.

Resolution - RDC number 751, 15 September 2022, which provides for risk classification, reporting and registration regimes, and labeling requirements and instructions for use of medical devices, was now modified by Resolution - RDC number 777, 1st March 2023.

The final text is available only in Portuguese and can be downloaded at:
