## NOTIFICATION

### *Addendum*

The following communication, dated xx December 2018, is being circulated at the request of the delegation of the Brazil.

---

This addendum aims to inform that the National Institute of Metrology, Quality and Technology/Inmetro issued Ordinance 595, November 7<sup>th</sup>, published in Official Gazette 239, December 13<sup>th</sup>, to approve the Technical Regulation applicable to new tires for adults bicycles whether manufactured domestically or imported, having a structure based on textile fibers - polyamide filaments -nylon, polyester or cotton filaments - and their beads formed of steel wire.

The access conformity requirements for tyres to adult bicycles are set out in Annex II of this Ordinance, emphasizing that, after the certification, this product should be registered in Inmetro, considering Ordinance 512, November 7<sup>th</sup>, 2016 (Portaria Inmetro 512, de 7 de Novembro de 2016), and does not exempt the supplier from exclusive responsibility for the product.

It revokes Inmetro Ordinance 342, 24<sup>th</sup> September 2008 (Portaria Inmetro 342, de 24 de Setembro de 2008 and Inmetro Ordinance 396, 7<sup>th</sup> August 2013 (Portaria Inmetro 396, de 7 de Agosto de 2013), within 48 (forty eight) months after the publication of this Ordinance.
